

3836

Emergency shower, wall mounted

Emergency shower with galvanized steel pipes and shower head in powder-coated stainless steel. Stay-open ball valve, operated by a pull handle or a pull rod for a crawling person.

Please note that the wall bracket must be ordered separately, model 3886.

The water supply should be designed for a minimal flow of 76 l/min at a pressure of 2,4 bar. Install the shower at approximately 2150 mm height, measured from the floor to the lower edge of the shower head.

Emergency signs are enclosed with each safety station.
