

3875-00

Stainless steel safety station with tempering on eyewash, floor model

Free standing safety station with thermostatic mixing valve 3890. Shower of stainless steel pipes, green/white stripe and shower head in powder-coated stainless steel. Stay-open ball valve, operated by a pull handle or pull rod for a crawling person.

Eyewash 3866-00 with internal flow control and filter in each spray head. The eye/facewash is self-draining. The water supply should be designed for a minimal **class III** flow of 120-170 l/min at a pressure of 2,4 bar.

Emergency signs are enclosed with each emergency shower.
