Stainless steel self-draining emergency shower with eyewash

A free-standing, self-draining emergency shower and eye/facewash system for outdoor/indoor use. The safety station is delivered with stainless steel pipes, green/white stripe, spray heads made of polypropylene plastic and shower head in powder-coated stainless steel. Eyewash 3863-00, each individual spray head has built-in flow control and filter.

The product is extra suitable in warm climates and prevents hot stagnant water inside the shower.

Designed for minimum flow of 76 l/min at 2.4 bar pressure, the water connection area should be modified according to existing climate conditions. The flow rates are guaranteed only when the pressure in the main pipeline is approximately 2.4-6.5 bar.

Emergency signs are enclosed with each safety station.

This product is manufactured in accordance to ANSI Norm Z358.1-2009 and EN 15154-1 & 2:2006.

TECHNICAL INFORMATION

Flow rate body: 76 L/min	Width: 400 mm
Flow rate eyes: 14 L/min	Height: 2320 mm
Water supply: 1"	Depth: 790 mm
